

SUMMER 2025

Family Retreat

11-13 JULY 2025

Unplug & Connect Together in this 1st SPH Family Bible Retreat !

Join us for a transformative 3 Days 2 Nights retreat in an idyllic beach resort designed specifically for parents of young children (ages 0-15), where you'll discover the joy of building a strong family foundation rooted in Biblical truths.

Led by Ps. Benjamin Poli and Mrs. Endang Poli, this retreat offers wisdom on nurturing family bonds, establishing a family altar, and integrating Bible reading and worship into everyday life.

With guidance from experienced SPH teachers and US native-speaking chaperones, your family will enjoy fun-filled games, a cozy bonfire, delicious s'mores, and more. This retreat, set at a stunning beach, also includes a special professional family photo session, so you can capture these cherished moments together and take the beautiful shots home as unforgettable memories.

Come away with a deeper connection to your loved ones and a renewed sense of purpose for your God-loving family journey. Don't miss this opportunity to grow together in faith, fun, and fellowship!

Pastor Ben and Ibu Endang Poli bring a deep passion for discipling families and equipping young parents. Pastor Ben came to Christ through the Navigators ministry and has served youth for over 20 years at First Evangelical Church in Rosemead, CA. He is currently pursuing a Doctor of Leadership Ministry at Columbia International University. He previously served as Principal at SPH and Ipeka International School in Indonesia and has led mission trips to Mexico, Taiwan, and Thailand. Ibu Endang, with 31 years in education, transitioned from IT consulting to teaching, serving as a preschool and middle school math teacher and longtime Sunday School teacher. A homeschooling mother for 17 years, she now serves as the Children's Ministry Director at First Evangelical Church of San Gabriel Valley, CA. As parents of grown children and grandparents of two toddlers, they remain closely connected with many of their former students who are now parents themselves all over the world. Their heart for biblical parenting and family discipleship continues to impact generations.

Ibu Nedra Widjaja has been teaching in SPH for 10 years during that time she both taught MYP and DP. During her time here, she's also a CAS Coordinator, EE Supervisor and Student Council Supervisor. This summer, she looks forward to serving as an activity leader at Summer School, fostering a sense of belonging through fun and meaningful experiences for SPH families.

Ms. Anna Long is an SPH LV alumna and a graduate of Emory University with a background in Biology and Anthropology. She has served as a writing tutor, biology fellow, and intern assistant director at a refugee youth camp. This summer, she looks forward to inspiring young learners at the Family Retreat through heartfelt moments, joyful learning, and genuine care.
